

ASEAN Veterinary Student Activity on One Health

The ASEAN Veterinary Student Volunteer Project (AVVP)

Faculty of Veterinary Medicine, Kasetsart University
in collaboration with
The Charoen Pokphand Foods PCL, Thailand

Preamble

- The internationalization policy
- The collaboration between government and private sectors
- The commencement of AEC in 2015
- The lack of understanding of Veterinary Education and Profession among ASEAN Staffs and Students

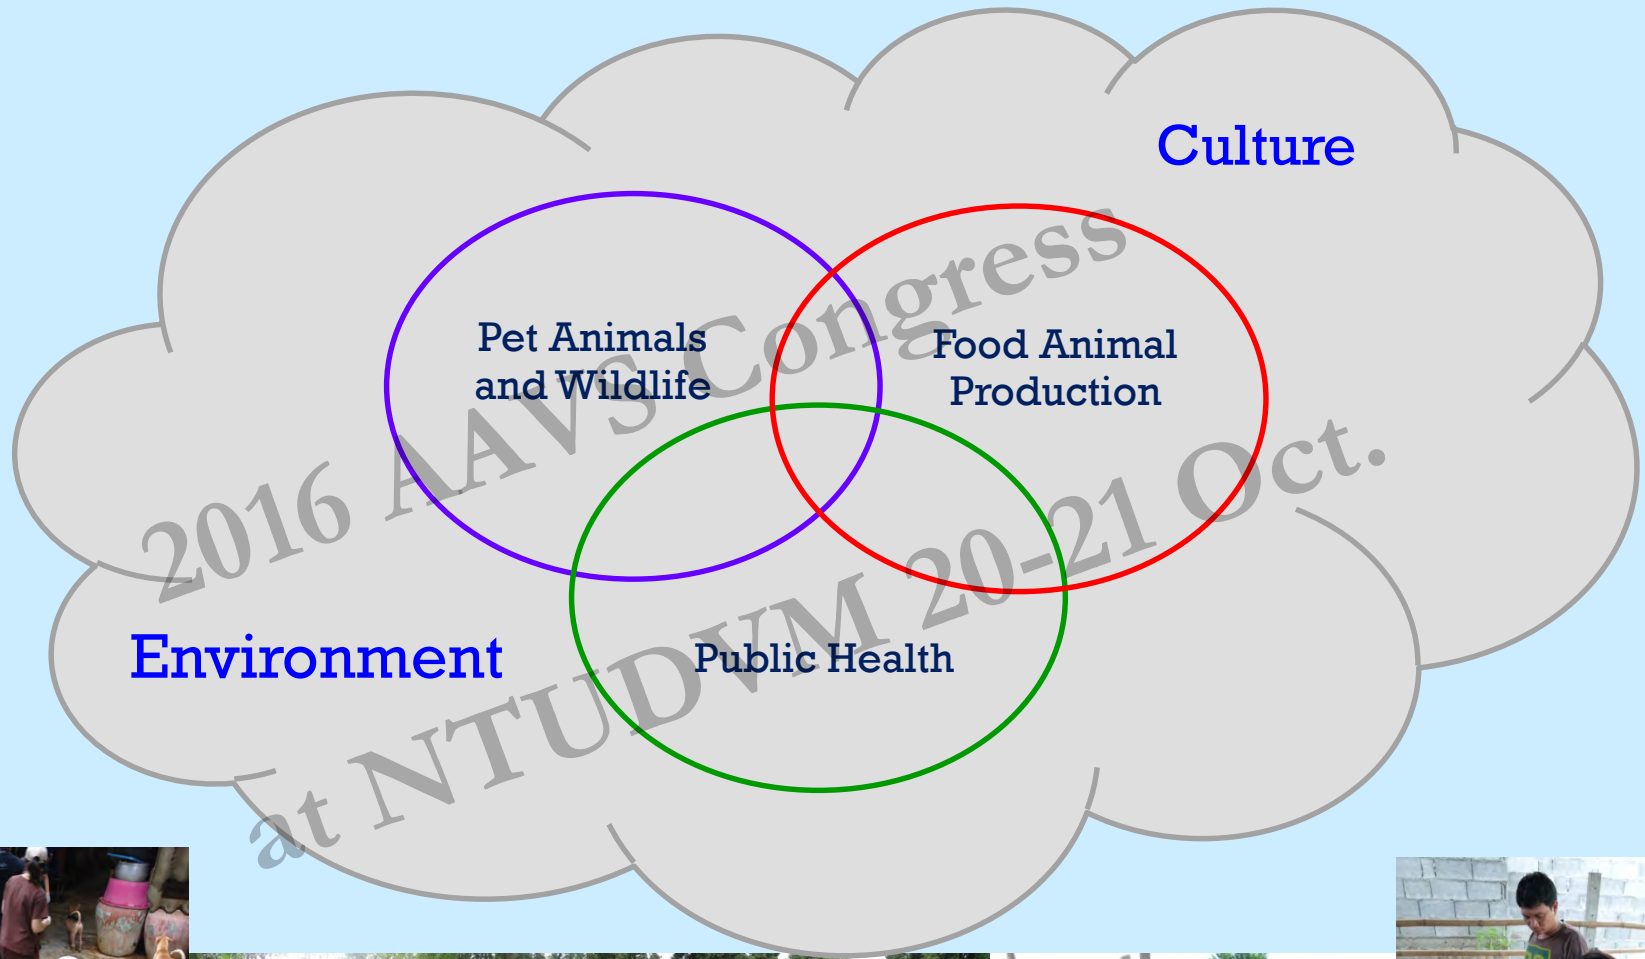

Objectives

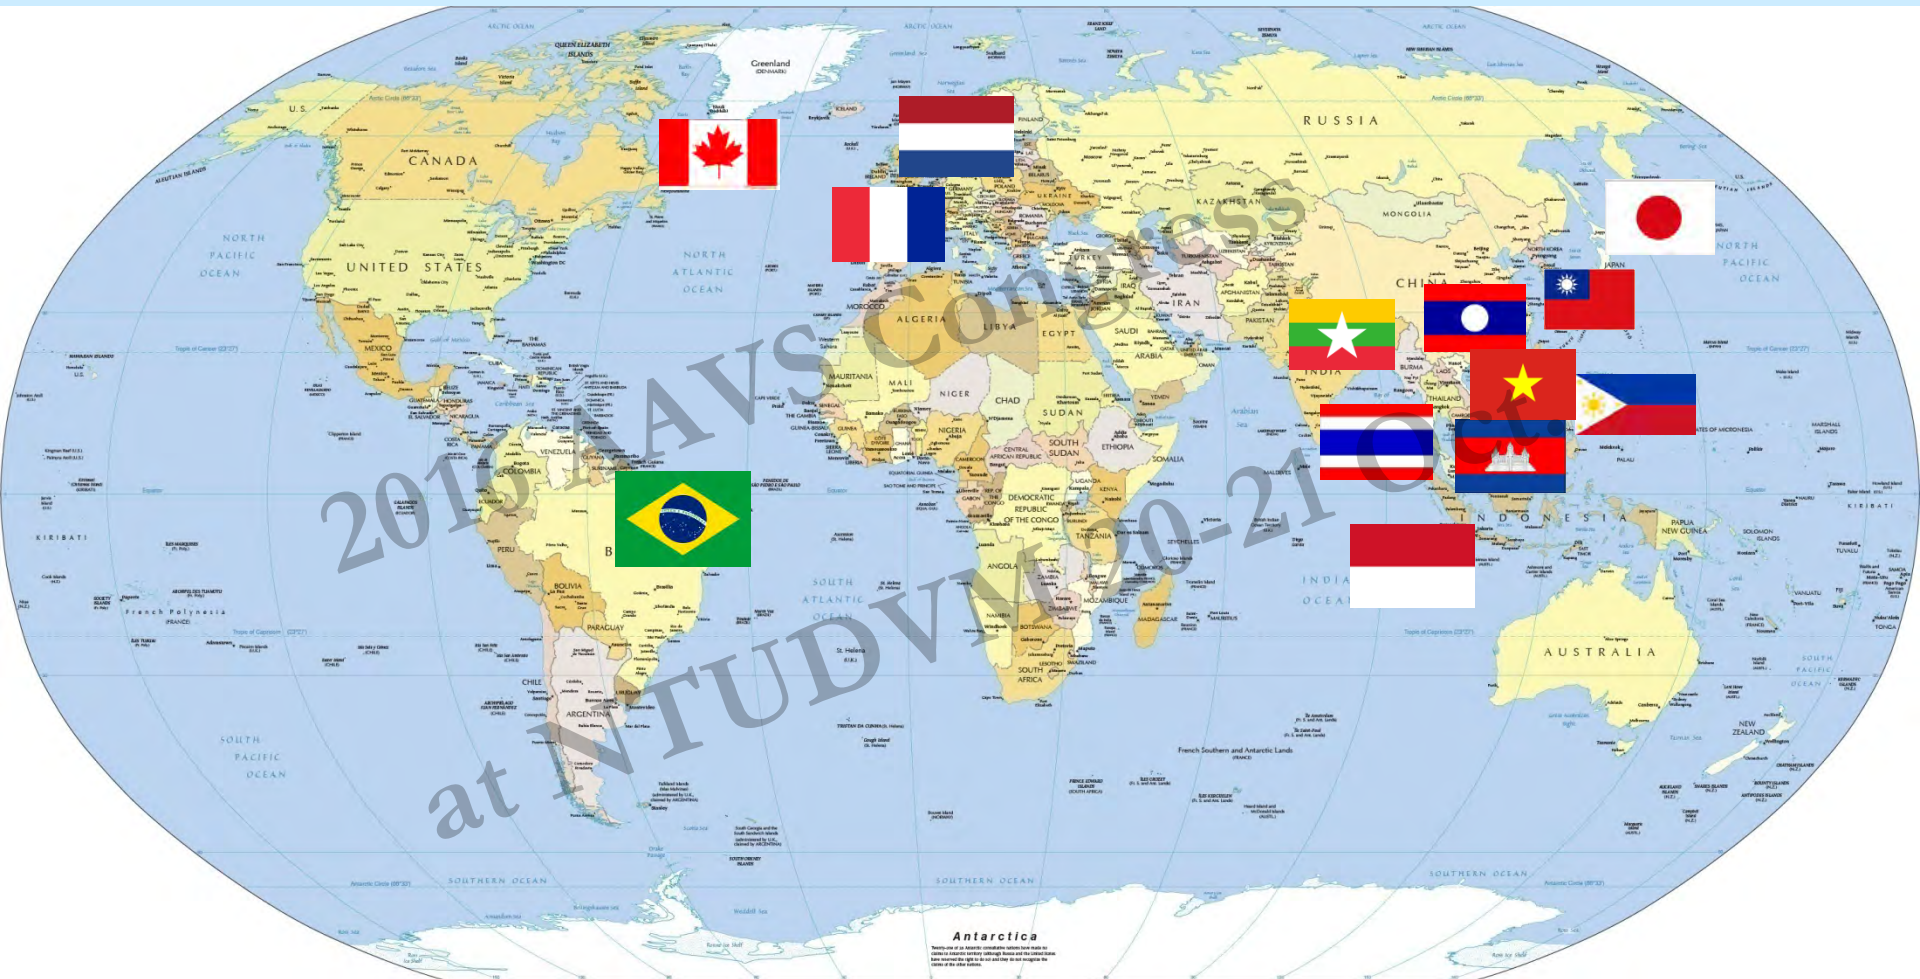

- To promote a better understanding in veterinary profession and practices among ASEAN member countries and beyond
- To foster the sense of public mind
- To propagate friendship and networking

Working Approach “One Health”

Participants

Participants (65-85)

- Year 4-6 veterinary students from ASEAN partner institutions and some selected international partner institutions (25)
- Year 4-6 veterinary students from Thai veterinary faculties (5)
- Year 4-6 KU veterinary students (20)
- KU veterinary teaching staffs and teaching staffs from co-hosting institution (15)
- Additional veterinary students from co-hosting institution during activity program in co-hosting institution country (15-20)

Project Activities

- Overview relevant scientific information
- Harmonize veterinary practical skills
- Volunteer activities and community seminar
- Community research and presentation
- Cultural experiences

Student Country Presentation

2016 AAAS
ANTUDVM 20-21 Oct.
Overview relevant scientific information

Harmonize veterinary practical skills

2016 AAAS 20-21 Oct.
Visit Charoen Pokphand Foods PCL.

Owl House Installation

A model of natural predator as rodent control

2016 AAU
20-21 Oct.

Tree Planting Community Forest

Community Seminar

Community Research and Presentation

The collage consists of 12 photographs arranged in a circular pattern. The photos depict various activities related to the Community Research and Presentation project. Key elements include:

- Top Left:** A group of people sitting on the floor in a circle, engaged in a discussion.
- Top Center:** Three people standing in front of a large banner that reads "The ASEAN Veterinary Volunteer Project 2015 Thailand - Vietnam".
- Top Right:** A group of people sitting around a table, working on a project.
- Middle Left:** A group of people sitting on the floor, looking at a large sheet of paper.
- Middle Center:** A group of people standing in front of a large banner that reads "The ASEAN Veterinary Volunteer Project 2015 Thailand - Vietnam".
- Middle Right:** A group of people sitting around a table, working on a project.
- Bottom Left:** A group of people sitting on the floor, looking at a large sheet of paper.
- Bottom Center:** A group of people standing in front of a large banner that reads "The ASEAN Veterinary Volunteer Project 2015 Thailand - Vietnam".
- Bottom Right:** A group of people sitting around a table, working on a project.

Some of the topics presented...

- Human and wild animal conflicts (elephants, monkeys...)
- Knowledge, attitudes and practices toward Rabies from people in different settings (urban vs rural, Thailand vs Cambodia)
- Rabies Management in dogs and humans from villagers' perspective
- Challenges and issues regarding rural livestock production
- Impact of tourism on people in community
- Effect of backyard pig rearing on community health
- Dairy production in Moc Chau, Vietnam
- Prevalence of intestinal parasite of cattle
- Health status of cats in shelter
- etc...

Cultural Experiences

AVVP in Partner Institutions

Laos PDR, 2013

Indonesia, 2014

Vietnam, 2015

AVVP in Partner Institutions

Cambodia, 2016

2016
at NTUDVM 20-21

AVVP...the exciting continues...2017

The AVVP...beyond volunteer work...

Donation of laying hens and housing for school lunch project at rural elementary school (AVVP 2015)

School Lunch Project (Laying Hens)

School and sport supplies for Tai and Mong community school, Vietnam

Expected Outputs

- Better understanding of veterinary education and profession in participants' countries
- 'Learning by doing' on the application of 'One Health' approach for community services
- Enhance team working skills among participants
- Encouraging veterinary students to seek further education and career in ASEAN countries
- Lasting friendship and networks among participants

The AVVP...an on-going excitement...
