# Establishment of Teaching resource sharing platform, June 2021

**Protected: Teaching resource sharing**

HOME / Opportunities / Protected: Teaching resource sharing

During the AAVS Virtual Meeting on Veterinary Education in the time of Covid-19 in January 2021, AAVS Members expressed their interest in exploring ways for AAVS Members to share teaching resources including lectures and other teaching materials.

To facilitate such teaching resource sharing, a survey among AAVS Members was conducted during April 2021. The information collected in excel format has been compiled into one file, which can be accessed via the link below.

The file consists of the followings:

- p.1 User guide
- p.2 Summary of needs
- p.3 Summary of availability
- p.4 External links to websites with educational material
- p.5- Individual sheets of each institution

The information will be restricted to AAVS Members only.

Things you can do:

- Identify needs and availability of educational materials in other institutions
- Request access to materials
- Update information about your institution *\*When editing the file, please add "Edited" date at the top of the page.*
- Obtain links to external websites with educational material

Before you access the file, please read the User Guide in which you will find instructions on how to use the file.
